## **1. School Profile:**

Brunswick North Primary School offers a positive and nurturing environment for over 500 students from diverse backgrounds. Our experienced and caring teachers provide a comprehensive curriculum including a broad range of specialist subjects. The school boasts excellent facilities, strong student welfare programs, Out of School Hours care and strong links to our community.

### **Our History:**

BNPS was established on this site in 1908. In 1925 the new school building was commissioned. It cost £15,496 to build and was designed to accommodate 750 students across 15 classrooms. The first principal was Mr. J H Barling. He instituted the 'Pupils Parliament' and a lunch program where students of working parents would provide a lunch for less fortunate children.

## **2. School Values, Philosophy and Vision**

### **Vision**

Our school's vision is to prepare our students to become active, thoughtful, engaged and responsible citizens of the local and global community. We acknowledge and support the potential and talent of each young person.

### **Values**

Values form the foundation of our planning and guide our direction as a community.

At Brunswick North Primary School we value:

- Doing our best
- Working well together
- Caring for ourselves
- Respecting our community and environment
- Having fun!

A statement about the rights and responsibilities of all students and school staff is included at **Appendix 1.**

## **3. Guiding principles**

- The school will collaboratively develop and implement a fair and respectful whole-school engagement and behaviour management approach.
- The school's curriculum will include pro-social values and behaviour to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.
- The school will promote active student participation and provide students with a sense of ownership of their environment.
- The school will support families to engage in their child's learning and build their capacity as active learners.
- The school promotes active 'student participation' as an avenue for improving student outcomes and facilitating school change.
- The school will establish social/emotional and educational support for vulnerable students and monitor and evaluate progress.
- The school will have processes in place to identify and respond to individual students who require additional assistance and support.

- The school will build strong links with the local community to gain access to an extended network of community members, professionals and educators who can provide expertise and experience that can build the capacity of our school and our teachers to respond to the needs of the students.
- The school will create a child safe organisation and will comply with its obligations under the Child Safe Standards.

#### **4. Engagement Strategies**

To realise our vision, our school has in place a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in the school. We recognise that some students, as a group or as individuals may need extra social, emotional or educational support to flourish at school, and so we will put in place strategies to identify these students and provide them with the support they need.

The School works collaboratively with students and parents/ carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

The Whole-school and targeted (group-specific) and individual engagement strategies used in our school are outlined in **Appendix 2**.

#### **5. Identifying students in need of extra support**

Our school will utilise the following information and tools to identify students in need of extra support using the following strategies:

- Personal information gathered upon enrolment
- Attendance rates
- Academic performance, particularly in literacy and numeracy assessments
- Behaviour observed by classroom teachers
- Engagement with student families

#### **6. Behavioural expectations**

Shared behaviour expectations for students, parents/carers and school staff are detailed at **Appendix 3**.

#### **7. School actions**

##### **Responding to challenging behaviour**

Where a student acts in breach of the behaviour standards of our school community, we will institute a staged response, as outlined in the Department of Education and Training Student Engagement and Inclusion Guidance (see **Appendix 4**).

##### **Discipline**

Disciplinary measures may be used as part of a staged response to challenging behaviour in combination with other engagement and support strategies to address the range of factors that may have contributed to the student's behaviour.

Disciplinary measures that may be applied include:

- Restorative approach (e.g. repairing damage caused)

- Withdrawal of privileges
- Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals
- Detention
- Suspension (in-school and out of school)
- Expulsion

Discipline will be applied in a way that is proportionate to the behaviour and upholds procedural fairness.

**Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at the School under any circumstances.**

Suspension and expulsion are measures of last resort and may only be applied when the grounds for suspension and expulsion set out in the Engagement and Inclusion Guidance have been met.

Suspension and expulsion can only be approved by the principal and our school will follow the processes for applying these disciplinary measures set out in the Student Engagement and Inclusion Guidance.

Information on grounds and processes for suspension and expulsion that our school will follow are available here:

<http://www.education.vic.gov.au/school/principals/participation/Pages/discipline.aspx>

### **Creating a child safe organisation**

The school is committed to being a child safe organisation. It will do this by complying with the requirements of the Child Safe Standards including having strategies in place to embed a culture of child safety at the school, having a child safety policy/ statement of commitment to child safety and having policies and procedures to manage child abuse.

The school's strategies for a child safe school can be found on the school website.

The school's child safety policy/statement of commitment can be found on the school website.

The school's policies and procedures to manage child abuse can be found school website.

Hard copies may be provided on request.

## **8. Engaging with families**

The School values parent / carer input into its operations and curriculum offerings and seeks feedback through the Parent Opinion survey, and from parent representatives on School Council. The School Council and Parents and Friends Committee work together to build a sense of community.

The school will support families to engage in their child's learning and build their capacity as active learners. It provides an environment that welcomes all parents/carers and is responsive to them as partners in learning.

The school will create successful partnerships with parents/carers and families by:

- ensuring all parents/carers are aware of the school's Student Engagement & Inclusion Policy
- conducting effective school-to-home and home-to-school communications
- providing volunteer opportunities to enable parents/carers and students to contribute
- involving families with homework and other curriculum-related activities
- involving families as participants in school decision-making
- coordinating resources and services from the community for families, students and the school

- involving families in Student Support Groups

Parents' responsibilities for supporting their child's attendance and engagement are outlined at **Appendix 3**. Furthermore, parents are expected to act in a respectful and constructive manner when dealing with our school. More detail on parent responsibilities and consequences for inappropriate behaviour are outlined in our Statement of Values (Appendix 6)
